EDUCATION

G. L. Bajaj Institute of Technology and Management , Greater Noida Bachelor of Technology in Computer Science & Engineering, scoring 8.16 GPA.	Sep. 2024- May. 2027
Government Girl's Polytechnic , Ayodhya Completed Diploma in Information Technology , scoring 76.8%.	Oct. 2021-May 2024
Canossa Convent Girl's Inter College , Cantt, Ayodhya Completed High School with 84.33% .	Apr. 2020-Mar. 2021

PROJECTS

RE:WORK — AI-Powered Inclusive Workforce Recomposition Engine • Developed an AI-powered talent-role matching platform that analyzes job requirements, employee capabilities, transferable skills, and skill gaps. • Implemented AI-driven skill-gap analysis and personalized upskilling recommendations to support intelligent internal workforce mobility. • Built modular workflows integrating REST APIs, database operations, and SAP SuccessFactors Employee Central concepts , applying software engineering and problem-solving principles.	Sep 2026 GitHub Repository
Crop Advisory System for Small and Marginal Farmers (SIH-2025) • Integrated a GenAI chatbot to answer agriculture-related queries in natural language using prompt-based response. • Designed and implemented decision-support modules by combining crop recommendations, soil analytics, and backend logic to provide personalized farming guidance. • Integrated REST APIs for real-time weather forecasting and Agmarknet market price data, enabling data-driven agricultural recommendations and informed decision-making.	Nov 2025 GitHub Repository
Web Vulnerability Scanner • Built a Python + Flask-based vulnerability scanner detecting SQL Injection, XSS, and open ports across 50+ endpoints per scan . • Implemented multi-threading , reducing scan time by ~80% (5–10x faster execution) .	Mar 2026 GitHub Repository

TECHNICAL SKILLS

Programming Languages: Java, Python, SQL
Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, SDLC
SAP ABAP: ABAP Programming, ABAP Dictionary (SE11), Reports, Internal Tables, Modularization, OOP ABAP, ALV, CDS Views, OData, RAP
Web: HTML, CSS, JavaScript, Bootstrap
Backend & APIs: Flask, REST APIs
Database: MySQL
Tools: Git, GitHub, VS Code, IntelliJ IDEA, Eclipse, SAP GUI
Soft Skills: Problem-Solving, Analytical Thinking, Communication, Team Collaboration, Adaptability

TRAINING/ INTERNSHIP

Aalgorix – AR/VR Immersive Technologies Training & Project Program • Worked on an AI Story Narrator project as part of AR/VR training, applying Augmented Reality concepts and cloud technologies to build an interactive storytelling solution. • Strengthened skills in application development, immersive interfaces, and project implementation .	Sept 1 – Nov 15, 2025
WeKnow Technologies Pvt. Ltd – Web Development Intern • Worked on developing and enhancing web-based applications using HTML, CSS, JavaScript and JAVA . • Implemented frontend features with a focus on responsive design and improved user experience. • Collaborated with mentors and team members to understand real-world software development workflows .	Aug. 2023-Oct. 2023

CERTIFICATES

- **SAP Certified - Back-End Developer - ABAP Cloud - SAP | Sep 2026**
- **SAP HackFest 2026 - Finalist**
- **Cisco Networking Academy - CCNA 1, CCNA 2, CCNA 3, Python Essentials 1-2 , Apply AI, Modern AI**
- **Palo Alto Networks - Cybersecurity Foundation, Networking Security Fundamentals**
